

Remember: Stay Home, Stay Safe!

Vaccination Eligibility

The general guideline is that everyone gets vaccinated but are you confused about whether you can take it now?

For more information:
cowin.gov.in

- **Are you above 45 years old? You are definitely eligible for the vaccine. Check with your nearest vaccination centre.**
- **Are you above 18 years but not 45 yet? You may be eligible based on availability. Ask your nearest centre or check the cowin portal.**
- **Have you recently recovered from COVID? You can take the vaccine 2-4 weeks after complete symptom resolution.**
- **Have you had allergic reactions to other vaccines? Consult your physician before taking the vaccine.**
- **Do you have any underlying medical conditions? You can still take the vaccine.**
